

The Road Trip

We went on a road trip. We would drive all day. We would camp out at night. I liked to stop many times to look at some new places. we met good people who would tell us how to find our way to the next town. After a week we went back home. It was fun. I want to go again another time.

1. When did they drive on their road trip?

all night all day day and night

2. The people told us how to get to the next

camp town road

3. Did we go home after two weeks?

yes

no

4. Where would you go on a road trip?
