

The Toy Store

When we go to the toy store my mom said that I may pick out one thing. I walk around and see what I want. First I stop to look at some planes that can fly. I look at a big ball. Then I think that know just what I want. I tell mom that I want a little teddy bear. She gives me another smile and says "yes".

1. What kind of store did they go to?

car

pet

toy
