

The School Day

We went to school. When we were there we learned many things. First we learned how to tell time in math. Then we went with the music teacher and sang many songs. After that we learned that one plus two equals three. Then we could write spelling words down on our paper. We know that it was a good day.

1. What did the kids do first?

tell time read sing

2. Did the kids have a good day?

yes no

3. What did the kids do last?

sing write tell time

4. What do you like to learn at school?
